In certain instances, these efforts incur costs outside of the normal daily operations of the department. In order to allow the Collector of Revenue to utilize all methods available to her in accordance with NC General Statutes, up to and including foreclosure, funds need to be budgeted to allow for such expenditures.

Subject: Budget Amendment - Emergency Telephone (911) Fund

Date: 11/13/2018

Memo Number: 18-80

The Town of Tarboro receives an annual allocation from the North Carolina 911 Fund, an interest-bearing special revenue fund within the State treasury. One twelfth of this allocation is disbursed each month, and these funds are restricted in their use. The total allocation is based upon the spending average for the previous three years as well as the current fund balance.

Since the beginning of the 2018-2019 fiscal year, the Tarboro Police-Fire Communications Center has encountered unexpected maintenance service fees related to emergency telephone upgrades completed during the 2014-2015 fiscal year. In order to offset these costs and help ensure future annual allocations remain consistent, it is necessary to amend the Emergency Telephone Fund.

It is recommended that Council approve the attached budget resolution.

Re: Utility Easement Extension Agreement
106 Edmont Road.
900 sq. ft. facility easement & access easement leased on October 26, 1998 Edgecombe County, NC

Dear Mr. Lewis:

Carolina Telephone and Telegraph Company, LLC d/b/a CenturyLink currently has a lease at the above property and it will expire on October 25, 2018. As stated in the original Utility Easement “this utility easement shall be renewable in successive ten (10) year periods in the event that GRANTOR determines that the property will not be needed by the GRANTOR during each renewal term”. CenturyLink would like to acquire rights for an additional ten (10) year period for the existing site located at 106 Edmont Road to continue service to the Edmont Road and Industrial Parkway area.

I have included with this letter a copy of the original utility easement and the utility easement extension agreement for your review.

If you would please, contact me at your earliest convenience to discuss the new terms. Please see my contact information below.

Respectfully,

Zach Palmer

Subject: HMGP Appraisal Services Selection

Date: 11/13/2018

Memo Number: 18-82

The Town of Tarboro has received award of FY18 Hazard Mitigation Grant Funding (HMGP) funds to elevate seven and acquire/demolish seven residential structures. In August and September of 2018, we solicited proposals from several firms to provide the required appraisal services required to implement this program. The initial request only generated one response. In order to comply with the Town’s adopted procurement policy a second request was made on October 1, 2018. Holland Consulting Planning has reviewed all four proposals received and is providing the board with the following recommendation for contract award.

**Appraisal Services** (required for all units scheduled for acquisition under the Hurricane Matthew Program)

Proposals were received from:

- East Pointe Services, LLC – Scotland Neck NC
- Amazing Grace Appraisals, LLC – Jackson NC
- Andy Piner & Associates, LLC – Greenville NC
- Stronach Commercial Appraisal Services, Inc. – Wilson NC

Although all four firms are well qualified, cost-effective and have experience in the Region, Stronach Commercial Appraisal Services appears to be the firm with the most local experience and knowledge. In addition, they are proposing the best fee associated with both new appraisals, as well as review appraisals that may be required within the scope of the project. We recommend award of the HMGP Surveying Services Contract to **Stronach Commercial Appraisal Services, Inc.** based on combined cost, project related knowledge, and responsiveness.

It is recommended that Council approve execution of a standard HMGP Professional Services Contract for Appraisal Services with the recommended firm in order to move forward with the Town of Tarboro Hurricane Matthew HMGP Program.
Subject: Stormwater Utility Fees

Date: 11/13/2018

Memo Number: 18-83

Based on a complaint from a local business owner, Council requested a review of the recently implemented Tarboro Stormwater Utility and the fees associated with the program. For Council's review, attached is a summary of revenues and expenditures to date.

It is recommended that Council provide guidance to Staff as to how the program will proceed.

The Town of Tarboro has for consideration a renewal of an agreement for participation in the Down East Home Consortium (DEHC). The Consortium is made up of jurisdictions within, and including the overall entities of Nash and Edgecombe counties, and was established in 1995 to create a group eligible to receive Home Investment Partnership Act Funds (HOME Funds) from the Department of Housing and Urban Development (HUD). The HOME program seeks to provide decent, safe, and affordable housing for low-income families, and Tarboro participated as a member of the DEHC to make available its benefits to our citizens.

Participation eligibility within the Consortium is determined by the acceptance of an agreement, the current one being a three-year Consortium Agreement, which would run from July 1, 2018 to June 30, 2021. The administration of these funds is handled by the City of Rocky Mount, which receives an administration fee from the funding in exchange for their administration. Staff turnover and inefficiency within that department has delayed the agreement date, and when the last agreement was set to expire in the summer of 2017, Nash and Edgecombe Counties agreed to a one-year extension which expired on June 30, 2018.

Over the past three years, the members of the DEHC have had concerns regarding the performance of the administration of funds, including shortfalls of work on homes within particular jurisdictions and the timeliness in committing funds. At the July 30th, 2018 meeting of the DEHC, members expressed concerns regarding the draft agreement, namely open communication, administration duties, allocation percentages, and liability. Some of these issues were addressed during the meeting and in a second draft agreement emailed to members. Remaining concerns merit a discussion with Council as to their desire to continue within the Consortium, and if so, any changes or conditions that need to be included within the Consortium Agreement, which will be the guiding document for procedure of the DEHC and administrative staff.

It is recommended that Council review the draft agreement and make recommendations to staff regarding its desire to continue participation in the Down East Home Consortium, and any modifications to the agreement.

TOWN CLERK
Good afternoon, Cornelia.

Following the meeting last week and reviewing the draft agenda, Tarboro has a few questions and concerns we would like to address prior to taking the agreement to Town Council.

Understandably, staff turnover has made execution of this program challenging, and I am encouraged by your desire to work together in a more cohesive manner. Though it may seem frivolous to include policies regarding procedural operations of the Lead Entity, the requests of the DEHC Committee Members are born from a desire to eliminate any future misunderstandings regarding the execution of the funds.

I.

C. Home Program

Is it meant to say, “tenant-based”?

III.

F. Allocating Home Program Funding Between Participating Governments

Regarding the allocation, an approximation of the allocations would be helpful, especially as the withdrawal of Nash County will greatly affect the overall percentages.

The agreement should clarify that Edgecombe County’s allocation should be spent only within the unincorporated portion of the county, and that funds spent within any incorporated area should be drawn from that area’s allocation.

There was discussion of the CHDO 15% coming off of the top of the percentages prior to funds being allocated. Has this been determined?

Has it been determined whether all Edgecombe County jurisdictions participating in the DEHC previously will be included in this agreement?

G. Matching Funds

It would be appropriate to amend the agreement should matching funds be required for allocated or reallocated funds in the future, as that may determine the participation of the jurisdictions.

H. Distribution of Funds

The Participating Governments are not entering/committing funds in the IDIS system, as all administration is handled by Rocky Mount per the agreement, and thus would not share any liability in the entering of such. Should a particular site or jurisdiction not be used, it would be appropriate for the Committee to have a majority vote to determine the reallocation of funds, and then entered into the system by Rocky Mount.

(Additionally, “Participating Government” has a spelling error in the second paragraph of H.)
I. Staff and Financial Support for Administering the HOME Program

Tarboro would request prior to signing a new agreement that all items under this section be brought current and evidence of such activities presented to the Committee.

L. Home Investment Trust Fund

We request that any recently completed audits of this Fund be made available for review by the Committee.

N. Completion Reports

Considering that Rocky Mount is the lead entity, by whom will the Homeownership Assistance Project Completion Report will be completed for submission to the lead entity?

O. Home Program Income

DEHC Members should by majority vote determine which projects/tasks for which HOME funds are spent. Any addresses, projects, or related administrative tasks approved would already be approved when homes are selected for a project year, but anything outside the scope of those approved should return to the DEHC Committee for a vote prior to any expenditures.

P. Indemnity

Again, the Participating Governments are not administering any funding for projects nor accounting for such and thus hold no liability. Clarity regarding the immediate reimbursement to the Lead Entity is needed.

S. Adding New Members to the Consortium

New Consortium members shall be agreed upon by the Committee, as increased participation will modify allocation percentages.

Thank you,

Catherine

Subject: Award Bid 2018 Street Improvements

Date: 11/13/2018

Memo Number: 18-86

Bids were received on October 3, 2018 at 2:00 PM for the Street Improvements project. Only two bids were received and opened. A tabulation of these bids is attached along with a Memorandum of Negotiation-Construction Contract. Garris Grading and Paving, Inc. submitted the low bid in the amount of $829,004.75. In that both bids were over the budgeted amount, staff negotiated with the low bidder to award a contract within the Town's budget of $800,000.

Therefore, it is recommended that Council award the contract for 2018 Street Improvements to Garris Grading and Paving, Inc. at its proposed re-negotiated low bid of $786,470.75 and authorize the Mayor and other appropriate officials to sign the necessary contracts.
